Build your Sponsorship Package

Organizations come to CIM CONNECT with different goals. Whether you're looking to raise brand awareness, generate qualified leads, recruit top talent, or position your organization as a thought leader, you can build a sponsorship package aligned with your objectives and budget.

Step 1

Define your primary objective. What do you want to achieve at CIM CONNECT?

+ Increase brand visibility
+ Generate qualified leads and business opportunities
+ Reach technical and operational decision-makers
+ Recruit talent and engage future leaders
+ Position your organization as an industry thought leader
+ Support students and workforce development

Step 2

Select the opportunities that support your goals

Choose from sponsorship options that best align with your objectives. Popular combinations include:

Brand Leadership Package Ideal for organizations seeking maximum visibility and executive presence. May include: Recognition-level sponsorship and available branding opportunities.

Business Development Package Ideal for companies focused on lead generation, networking, and customer engagement. May include: Networking activations and Industry Hosted Sessions.

Talent & Future Workforce Package Ideal for organizations investing in recruitment, education, and industry development. May include: Career Zone sponsorship • Future leaders initiatives • Student and early-career engagement opportunities.

Step 3

Customize your package

Combine recognition-level sponsorship with à la carte opportunities to create a program that aligns with your goals and budget. Recognition levels provide broad event-wide visibility and benefits, while à la carte opportunities allow you to target specific audiences, experiences, and engagement moments.

How visibility is assigned

Sponsors selecting à la carte opportunities receive recognition based on the cumulative value of their sponsorship investment. Visibility and logo placement will correspond to the applicable sponsorship level achieved through the total value of selected items. Sponsor logos will be displayed according to their overall financial commitment and listed alphabetically within each sponsorship tier.
